LIFE COLLECTION

LIFE is an ode to matter, from which shapes seem to arise naturally and effortlessly.

The line expresses the brand's desire: exploring the potentialities of materials and discovering their intrinsic essence, so as to enhance their beauty.

Every object is the outcome of a dialogue between master artisans and nature, and the result of an accurate research of materials' characteristics and peculiarities.

BADARI

Badari Life revisits classical shapes, giving them an organic twist and highlighting materials' textures, plays of light and shadows created by colour variegations, marble's sinuous veinings, metals' roughness and stones' natural shapes. The final result is a unique style, which fits in every ambiance, even the most modern ones. Characterized by a more minimal style, Badari Life encloses the powerful beauty of matter.
