Collection “Coup De Foudre” (C.D.F.)

A brand new collection designed by Roberto Lazzeroni: a combination of forms, materials and stories that blend together the harmony of blown glass with the strenght of metal structures.

These distinctive features make the C.D.F. collection a timeless design.

Amber & Clear Blown Glass
Gold Plated Finish

A modern lamp featuring a clear, textured glass shade with a complex, organic pattern. The shade is suspended from a polished black nickel metal frame. The base of the lamp is also made of polished black nickel metal, with a cylindrical stem supporting the shade. The background is a dark, curved surface, possibly a wall or ceiling, with a white, curved element on the right side.
