The Jack O'Lantern collection by designer Lucie Koldova offers a high degree of variability and provide space to create lighting compositions based on personal preference. The glass sphere is an integral component of the Jack O'Lantern Pendant light and cannot be order separately. While the spheres must always be placed in metal frames, single frame can be hung empty in vertical arrangements with another frame and sphere.

In case of Jack O'Lantern Small Pendant or Wall a client is supposed to order frame and glass sphere separately. There doesn't exist just one PC code denoting Jack O'Lantern Pendant(/Wall). To demonstrate this situation please see the example below:

On picture: PC1104 + PC1095
A final order must consist from PC1104 and PC1095.

On picture: PC1104 + 3 x PC1095
A final order must consist from PC1104 and three items of PC1095.
