Knikerboker Lighting Design THE ART OF HAND MADE in Italy

BUCOLA

An aluminium dome, with its divine and endless symmetry, meets and envelopes the starry and glittering sky from the last collection Buchi. Under the dome vault, the light burns and evenly spreads radiating the surrounding environment with colors ranging from white to black, enriched by reflections of gold, silver, copper and bronze leaves. It is from the fusion between the bright stars of Buchi series with the perfect design of the Dome (Cupola, in Italian), that Bucola borns, the newest collection of lamps available in floor, wall and suspension versions.
