La ditta Lamp International inoltre preventiva, progetta e costruisce sistemi di illuminazione a LED per tutti i settori: commerciale, alberghi, ville, ristoranti, etc.

Tutti gli articoli da noi realizzati sono garantiti a norma di legge, MADE IN ITALY e costruiti con LED di altissima qualità.

L'ufficio tecnico è a completa disposizione della clientela per suggerimenti, realizzazioni progettuali e calcolo illuminotecnico dei singoli ambienti.

Per i grandi progetti verrà preventivato un importo che sarà poi detratto alla conferma dell'ordine. I piccoli progetti verranno realizzati gratuitamente.

Costruiamo inoltre lampade da esterno su progetto dell'acquirente.

Provvediamo alla sostituzione dell'illuminazione interna delle lampade da esterno e interno con un nuovo sistema di illuminazione a LED

The company Lamp International also draws up estimates, designs and manufactures LED lighting systems for all sectors: shops, hotels, villas, restaurants, etc.

The articles we produce are all guaranteed in compliance with the law, MADE IN ITALY and manufactured using top quality LEDs.

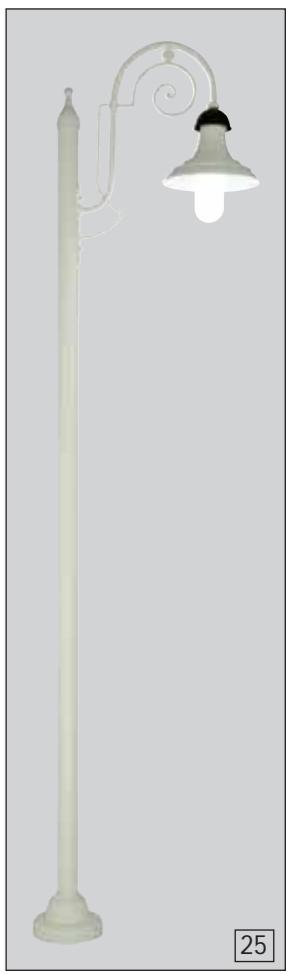

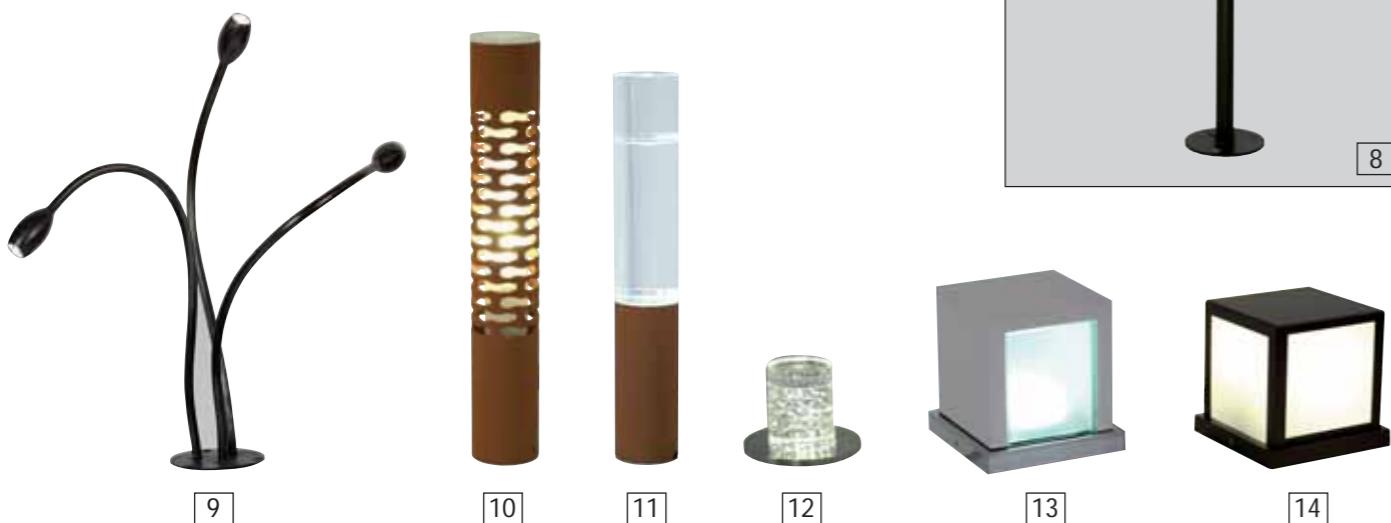

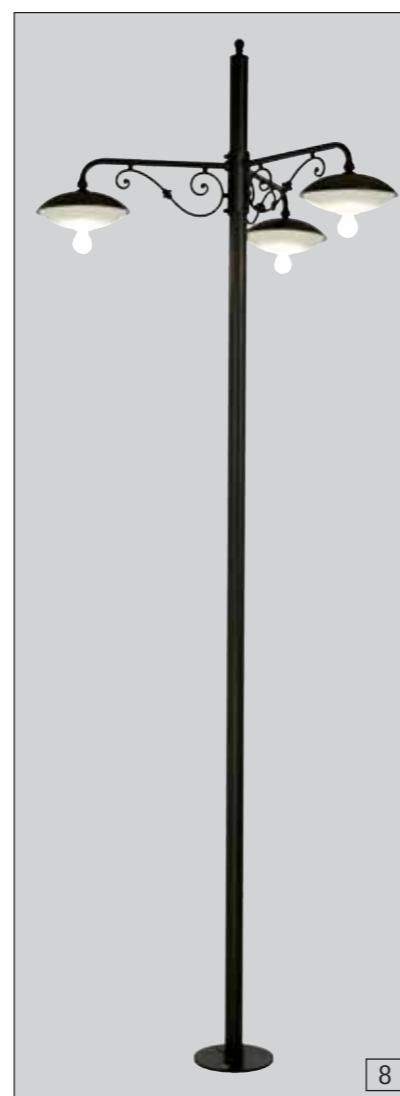

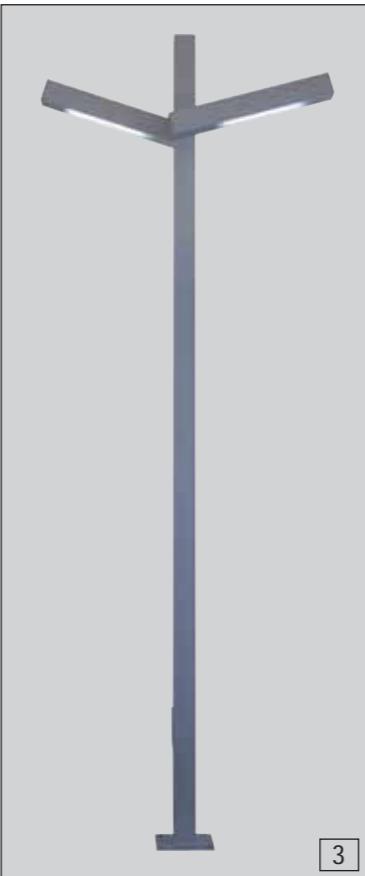

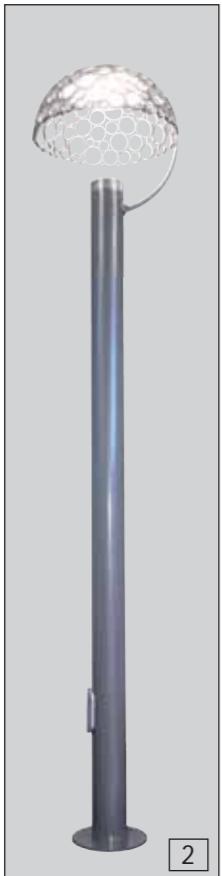

Our customers can count on our Technical Department's full cooperation for suggestions, project planning, and lighting system calculation for each room.

For large projects, we charge an amount that will be deducted when the order is confirmed. Small projects are planned at no cost.

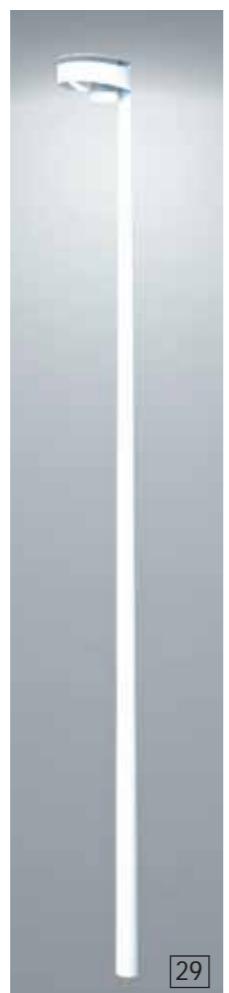

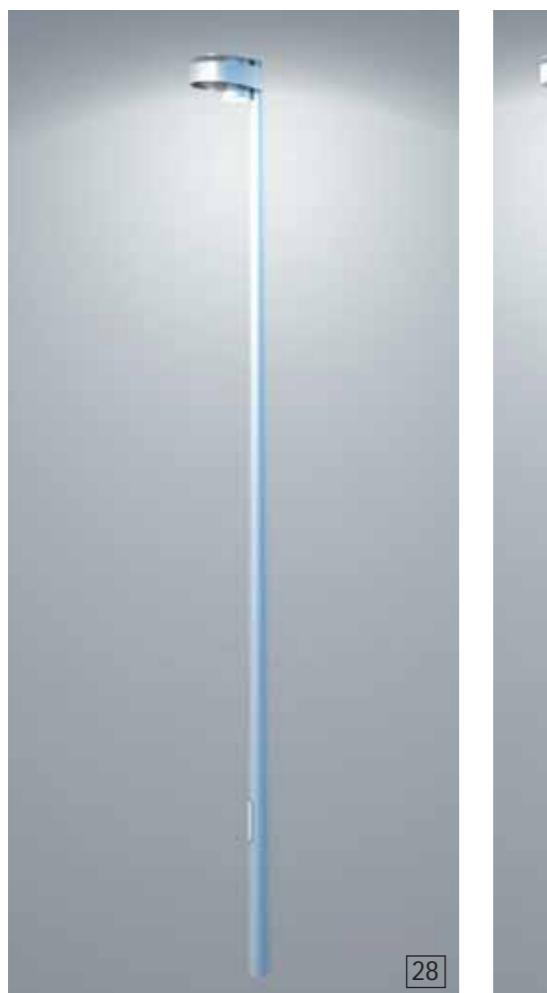

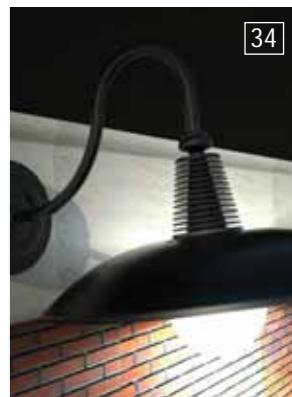

We also manufacture outdoor lights according to customer's design.

We replace the internal bulbs of outdoor and indoor lamps with a new LED lighting system.
